About BAR SPOT

Bar spot is a young and independent bar and events company started in 2020. Our goal is to always provide a 5* service to our customers, across all areas of the business from behind the bar to the initial call to discuss your event.

We work with you from start to finish making sure we are providing our customers with a quality service and a quality drink to match.

We offer a variety of indoor and outdoor bars, with a number of drinks available, if it's your favourite cocktail or beer, we will do our best to have this available on the bar.

We know no two events are the same so we work with you to create a bespoke experience, from customised cocktail menus, themed bars, and unique drinks packages.
